MR. ASHMORE

## *Superintendent's Message*

Dear Students and Parents,

Since I came to your community last summer, you have been very co-operative in trying to solve our problems with which you were familiar.

To date, we have made progress. Maybe no problems have been completely solved, but several have been successfully attacked and with your good support we are sure to overcome most of them.

It is my opinion that we are going forward together in the molding of good citizenship in our school and community.

Sincerely yours,

*W. M. Ashmore*
